

## Kaya launches Blemish Control Formula and Comedone Control Serum

Strengthening the acne care portfolio with new quicker-action formulations

**January 25<sup>th</sup> 2016:** Blemishes and comedones (blackheads and whiteheads) are two of the most common skin concerns, especially those with oily or acne prone skin. This season, Kaya adds to its acne care portfolio with the newly formulated Blemish Control Formula and Comedone Control Serum for flawless and healthy skin.

The **Blemish Control Formula** by Kaya is a fast-acting dual-benefit formula with botanical extracts that visibly clears post acne marks in 2 weeks and works on active acne to reduce pimple size in 12 hours. Powered with anti-bacterial properties, this formula prevents further breakouts as well. Regular usage of the cream lightens blemishes while the presence of tomato extracts with tea tree oil make it safe and efficacious for daily use.
