

Mirror Mirror On The Wall, Who Has The Best Glow Of Them All?

Get a radiant glow instantly, with Kaya's new Insta-Brightening Micro Mask

The new Insta-Brightening Micro Mask by Kaya is a completely natural, light and silky rinse-off mask which can be applied at home. It is a non-irritant botanical extract product with the unique **Micropatch™** technology. The ingredients of the mask are a combination of various botanical sourced actives from ancient Chinese pharmacopeia. It contains mulberry, grape and strawberry extracts which work on the skin by reducing its melanin production and further exfoliating it. The innovative **Micropatch™** technology works wonders for tanned and dull skin by releasing the whitening active into the skin even long after the mask has been removed. The Insta-Brightening Micro Mask increases brightness and luminosity of the skin and also reduces redness and dullness.

The Insta-Brightening Micro Mask is an easy to use product and results in visibly brighter and radiant-looking skin within just 20 minutes. And unlike other masks, it forms a silky, transparent film on the skin, making it non-messy and easy to wash. The mask should ideally be applied every alternate day to maintain for best results.

Ingredients

Aqua, Saxifraga Sarmentosa Extract, Vitis Vinifera (Grape) Fruit Extract, Butylene Glycol, Morus Bombycis Root Extract, Scutellaria Baicalensis Root Extract, Disodium Sulfite, Sodium Metabisulfite, Pueraria Lobata Raat Extract, Methyparaben, Algin, 2-Phenoxyethanol, Acacia Senegal Gum, Xanthan Gum
